Re: Lapsed EMT Personnel

---

The attached list is to alert you to the lapsed status of the EMS personnel who did not recertify as of March 31, 2007. Some have sent incomplete documentation, some failed to respond to Departmental correspondence and some have not advised the Section of EMS and Trauma Systems of a current address. These persons are not eligible to provide care to patients until all of the requirements for renewal of their EMT certification have been met.

The Section of EMS and Trauma Systems urges all Arkansas licensed emergency medical services to verify the status of any person whose name appears on the list. If there are errors on the list, please contact the Section of EMS and Trauma Systems for corrections.

Your assistance in this matter is appreciated
