Re: National EMS Education Standards

During early 2007, comments on Draft #1 were sent to the National EMS Education Standards writing committee from the Arkansas Training Committee.

Draft 2 of the National EMS Education Standards are now available for comment by the EMS Community. Any feedback that the Arkansas Instructors wish to send must be received by the National EMS Standards Committee before their Feb 2008 meeting. You can access the comments about Draft # 1 and a link to Draft #2 of the Education Standards at:

<http://www.nemses.org/draftstandards.html>

I encourage all instructors to review Draft 2 of the Educational Standards and email comments to me at Norajean.Miles@arkansas.gov. I will compile the comments and forward them to the Training Committee for inclusion with their comments. Please have your comments to me by December 15, 2007 so that they may be compiled into a composite document for submission to the Education Standards Committee.

If you have questions or need additional information, contact me at (501) 661-2262.
