Re: Reminder: 2008 EMS Needs Assessment **Reminder**

---

The Section would like to remind all licensed ambulance services to complete the **2008 Emergency Medical Services (EMS) Needs Assessment Survey** by May 9, 2008. If you have already completed and mailed the survey, please disregard this notification.

The purpose of conducting this survey is to gather data to better understand the needs and viewpoints of Arkansas' EMS providers- who provide much-needed and vital services to the communities they serve. Results from the survey will be utilized to help allocate staff resources and federal and state funding if made available to improve the level of service of EMS providers in Arkansas. Your opinions are extremely valuable and will be given important consideration as we determine how to allocate possible future resources. Thank you in advance for your participation and dedication to emergency medical services.

You can obtain copy of the survey at [http://www.healthyarkansas.com/ems/memos\\_2008.html](http://www.healthyarkansas.com/ems/memos_2008.html) listed as MEMO 820 EMS Needs Assessment.

Please mail completed survey to:
