Mandated by Act 353 of 2001.
Effective date May 1, 2001.

The Woman's Right to Know Act of 2001 requires of any physician performing an abortion on a pregnant woman, that the physician or physician's agent provides adequate information about the procedure/event prior to and in no event the same day as the abortion. The above report reflects the number of women provided such information, and the manner of its provision.
