## **INFORMATION**

- 1. A plumber's license is not required to repair backflow devices within the scope of the plumbing system.
- 2. License cards shall be issued to all candidates that successfully pass the examination.
- 3. Re-certification cards will be issued only after the candidate shows proof of recertification training at a State accredited program.
- 4. The candidate may be required to submit additional documentation to confirm meeting the training requirements.
- 5. The Assembly Testing Technician State Certification is required prior to applying for the Assembly Repair Technician State Certification.
- 6. Failure to obtain re-certification by the Tester License expiration date will result in the inactivation of Assembly Tester and Repair licenses.
- 7. Re-certification is required every 24 months. Failure to re-certify for more than thirty-six months will require full retraining and retesting prior to state license renewal.

Special Consideration for Active-Duty service members, returning veterans and their respective spouses is available for licensure, certification or permitting per Ark. Code 17-1-106
