

ADVANCED Stroke Life Support

Advanced Stroke Life Support® is a practical, hands-on, 8-hour course and is being offered across Arkansas by 7 Training Centers. These classes on stroke care guidelines earn attendees (physicians, nurses and EMS) the ASLS credential.

To find the schedule of upcoming classes, you may either go to this web page for information about upcoming classes: <https://www.facebook.com/ArkansasASLS/> or contact your local ASLS Training Centers coordinators directly for information on class registration if information is not available on the Facebook page:
