

Instructions for SMS Texting. These instructions assume that you have an active account in CloudCME®. If you do not, please set up your account first. You can only record your attendance {8:00am through 8:00pm on the same day}.

Step 1: Pair your mobile phone to your CloudCME® account. Text your email address, entered in your Profile, to **501-406-0076**. You will receive a text message that your phone number has been updated. This is a one-time operation.

Step 2: To record your attendance to an activity, text the **Activity Code** that has been provided for your activity¹. You will receive a text message that verifies activity attendance has been recorded.

These codes will be displayed on the table where you sign in or messaged within the chat if you are attending via Zoom.

¹ You must text an SMS text message not an iMessage, if using iOS.

You will receive an incomplete profile text message if you try to text your attendance and have a missing degree and/or profession in your profile. Please complete the fields in your CloudCME® profile before texting attendance.

Unfortunately, your profile is incomplete and your attendance could not be recorded. Please update your profile and text in attendance again.

You can only record attendance once to an activity. If you try to record attendance an additional time, you will receive the following text message.
