

FY 2021
Third Quarter Report
January-March 2021

Arkansas Department of Health

BreastCare Quarterly Report

January-March Fiscal Year 2021

Funded by the Arkansas Department of Health (ADH) with support from the Centers for Disease Control and Prevention (CDC) and Arkansas Tobacco Excise Tax.

Table 1: Number of Women Enrolled¹, FY 2021

Funding Source	Number of Women Enrolled January-March, FY 2021	Number of Women Enrolled To-Date, FY 2021
Total	2,674	7,146
Federal	1,687	4,411
State	987	2,735

Data source: FY 2021 BreastCare Online System Data.

¹Unduplicated count of women enrolled in the BreastCare Program during the period.

Table 2: BreastCare Funds by Expenditures and Percent Spent on Clinical Services, FY 2021

Month	January	February	March	January-March Average	Monthly Average To-Date FY 2021
Total Expenditures	\$321,715	\$328,651	\$415,096	\$355,154	\$344,191
Expenditures on Clinical Services	\$235,103	\$232,458	\$298,859	\$255,473	\$247,748
Percent of Expenditures Spent on Clinical Services	73.1%	70.7%	72.0%	71.9%	72.0%

Data Source: Monthly BreastCare Financial Status Report

Table 3: Number and Percent of Screenings Performed, FY 2021

Provider Type	Number of Screenings ¹ , Jan-Mar, FY 2021	Number of Screenings ¹ , To-Date, FY 2021	Percent of Screenings, FY 2021
Health Department Clinic	1,824	4,525	54.2%
Community Health Center	463	1,480	17.7%
Hospital	728	1,937	23.2%
Private Provider	158	403	4.8%
Total¹	3,173	8,345	100.0%

Data source: FY 2021 BreastCare Online System Data.

¹Unique screening tests performed during the period. Screening tests include clinical breast exams, screening mammograms, and Pap tests.

Table 4: Number of Screening Tests Performed through BreastCare, FY 2021

Type of Test	Number of Tests Performed Jan-Mar, FY 2021	Number of Tests Performed To-Date, FY 2021
Clinical Breast Exam ¹	1,050	2,899
Mammograms ²	825	2,158
Pap Tests ³	1,298	3,288

Data source: FY 2021 BreastCare Online System Data.

¹Number of clinical breast exam performed during the period, clients may receive more than one clinical breast exam.

²Number of screening mammograms performed during the period, clients may receive more than one screening mammogram.

³Number of Pap tests performed during the period, clients may receive more than one Pap test.

Table 5: Mammogram Screening History at Enrollment, Women 40 – 64 years old, FY 2021

Last Mammogram	Percent of Enrollees Jan-Mar, FY 2021	Percent of Enrollees To-Date, FY 2021
Within 2 Years	53.4%	53.9%
More than 2 Years	25.2%	24.9%
Never Had Mammogram	21.4%	20.2%

Table 6: Number of Cancer and Precancer Diagnoses Reported among BreastCare Women, FY 2021

Type of Diagnosis	Number of Diagnoses Jan-Mar, FY 2021		Number of Diagnoses To-Date FY 2021	
	Total	(Age < 40)	Total	(Age < 40)
Breast Cancer¹	12	(2)	38	(5)
Cervical Cancer²	2	(0)	4	(1)
Cervical Precancer³	18	(16)	42	(34)
Hyperplasia⁴	1	(1)	8	(1)
Atypical Hyperplasia⁵	0	(0)	0	(0)

Data source: FY 2021 BreastCare Online System (BOS) Data

¹Unduplicated count of women with a final diagnosis of invasive or in situ breast cancer reported in BOS during the period.

²Unduplicated count of women with a final diagnosis of invasive cervical cancer reported in BOS during the period.

³Unduplicated count of women with a final diagnosis of moderate or severe dysplasia (CIN-2/CIN-3) reported in BOS during this period.

⁴Unduplicated count of women with a biopsy diagnosis of hyperplasia reported in BOS during the period.

⁵Unduplicated count of women with a biopsy diagnosis of atypical hyperplasia reported in BOS during the period.

Table 7: BreastCare Funds by Funding Source (Revenue and Expenditures) and Percent Spent on Clinical Services, FY 2018-2021

Funding Source	FY 2018	FY 2019	FY 2020	FY 2021 (Budgeted)
Federal				
Revenue	\$1,800,000	\$1,800,000	\$1,700,000	\$1,517,241
Expenditures	\$1,420,078	\$1,507,767	\$1,637,220	\$1,517,241
State				
Revenue	\$3,668,135	\$3,130,840	\$3,202,990	\$3,202,990
Expenditures	\$1,998,439	\$2,412,493	\$2,710,321	\$3,202,990
Percent of Expenditures Spent on Clinical Services	71%	79%	72%	72%

Data Source: BreastCare Monthly Budget Report

Table 8: BreastCare Clinical Services¹ Expenditures by Funding Source, FY 2018-2021

Funding Source	FY 2018	FY 2019	FY 2020	FY 2021 (Budgeted)
Federal Grant	\$1,080,037	\$1,192,532	\$1,324,515	\$904,703
State Tobacco Excise Tax	\$1,360,409	\$1,736,057	\$1,817,189	\$2,315,761
Total	\$2,440,446	\$2,928,589	\$3,141,704	\$3,220,464
Total Number of Women Served	7,980	9,636	9,026	9,122
Average Cost of Each Woman Served	\$305.82	\$303.92	\$348.07	\$353.04

Data source: BreastCare Budget

¹Clinical Services - Direct service provided to women who enroll in the program. These services consist of screening, diagnostic and case management services as well as salaries for Nurse Practitioners and Public Health Nurses who provide one-on-one services.

Table 9: Clinical Services Provided by BreastCare Funding Sources, FY 2020

Funding Source	Number of Women Enrolled ¹ (% of total)	Number of Women Served ^{2,4} (% of total)	Number of Women Screened ^{3,4} (% of total)
Federal	6,521	5,533	5,276
State	3,653	3,493	3,315
Total	10,174	9,026	8,591

Data Source: FY 2020 BreastCare Online System Data

¹Unduplicated count of women enrolled into BreastCare during the period.

²Unduplicated count of women receiving any clinical service through BreastCare during the period. Clinical services are related to breast and cervical cancers including screening and diagnostic procedures.

³Unduplicated count of women who received any screening procedure through BreastCare during the period. Screening procedures include clinical breast exams, mammograms and Pap tests.

⁴Numbers may change based on billing cycles and delays.

Definitions Used in This Report:

Updated: October, 2019

1. **Women enrolled:** Unduplicated count of women enrolled into the ADH BreastCare Program during a specified time period; *Source of report: BreastCare Online System.*
2. **Women served:** Unduplicated count of women receiving any clinical service through BreastCare Program during a specified time period. Clinical services include screening and diagnostic procedures; *Source of report: BreastCare Online System.*
3. **Women screened:** Unduplicated count of women receiving any screening procedure through BreastCare Program during a specified time period. Screening procedures include clinical breast exam, screening mammogram, and Pap test; *Source of report: BreastCare Online System.*
4. **Screenings by provider type:** Unduplicated count of screening procedures through BreastCare Program during a specified time period. Screening procedures include clinical breast exam, conventional mammogram, digital mammogram, conventional Pap test, and liquid-based Pap test; *Source of report: BreastCare Online System.*
5. **Clinical Breast Exams performed:** Number of clinical breast exams provided by BreastCare Program, sometimes more than one for the same client, during a specific time period; *Source of Report: BreastCare Online System.*
6. **Mammograms performed:** Number of screening mammograms provided by BreastCare Program, sometimes more than one for the same client, during a specified time period; *Source of Report: BreastCare Online System.*
7. **Pap tests performed:** Total number of Pap tests provided by BreastCare Program, sometimes more than one for the same client, during a specified time period; *Source of Report: BreastCare Online System.*
8. **Breast cancer diagnosis:** Unduplicated count of women with a final diagnosis of invasive or in situ breast cancer reported to the BreastCare program during a specific time period. The diagnosis may be prior to the quarter it is reported in; *Source of Report: BreastCare Online System.*
9. **Cervical cancer diagnosis:** Unduplicated count of women with a final diagnosis of invasive cervical cancer reported to the BreastCare program during a specific time period. The diagnosis may be prior to the quarter it is reported in; *Source of Report: BreastCare Online System.*
10. **Cervical precancer diagnosis:** Unduplicated count of women with a final diagnosis of moderate or severe dysplasia (CIN-2 or CIN-3) reported to the BreastCare program during a specific time period. The diagnosis may be prior to the quarter it is reported in; *Source of Report: BreastCare Online System*
11. **Hyperplasia diagnosis:** Unduplicated count of women with a final diagnosis of hyperplasia reported to the BreastCare program during a specific time period. The diagnosis may be prior to the quarter it is reported in; *Source of Report: BreastCare Online System*

12. Atypical hyperplasia diagnosis: Unduplicated count of women with a final diagnosis of atypical ductal hyperplasia reported to the BreastCare program during a specific time period. The diagnosis may be prior to the quarter it is reported in; *Source of Report: BreastCare Online System*
