

FY 2022
First Quarter Report
July-September 2021

Arkansas Department of Health

BreastCare Quarterly Report

July-September Fiscal Year 2022

Funded by the Arkansas Department of Health (ADH) with support from the Centers for Disease Control and Prevention (CDC) and Arkansas Tobacco Excise Tax.

Table 1: Number of Women Enrolled¹, FY 2022

Funding Source	Number of Women Enrolled July-September, FY 2022	Number of Women Enrolled To-Date, FY 2022
Total	2,672	2,672
Federal	1,660	1,660
State	1,012	1,012

Data source: FY 2022 BreastCare Online System Data.

¹Unduplicated count of women enrolled in the BreastCare Program during the period.

Table 2: BreastCare Funds by Expenditures and Percent Spent on Clinical Services, FY 2022

Month	July	August	September	July-September Average	Monthly Average To-Date FY 2022
Total Expenditures	\$344,231	\$378,270	\$379,110	\$367,203	\$367,203
Expenditures on Clinical Services	\$252,189	\$273,661	\$293,732	\$273,194	\$273,194
Percent of Expenditures Spent on Clinical Services	73.3%	72.3%	77.5%	74.4%	74.4%

Data Source: Monthly BreastCare Financial Status Report

Table 3: Number and Percent of Screenings Performed, FY 2022

Provider Type	Number of Screenings ¹ , Jul-Sep, FY 2022	Number of Screenings ¹ , To-Date, FY 2022	Percent of Screenings, FY 2022
Health Department Clinic	1,892	1,892	57.3%
Community Health Center	574	574	17.4%
Hospital	711	711	21.5%
Private Provider	128	128	3.9%
Total¹	3,305	3,305	100.0%

Data source: FY 2022 BreastCare Online System Data.

¹Unique screening tests performed during the period. Screening tests include clinical breast exams, screening mammograms, and Pap tests.

Table 4: Number of Screening Tests Performed through BreastCare, FY 2022

Type of Test	Number of Tests Performed Jul-Sep, FY 2022	Number of Tests Performed To-Date, FY 2022
Clinical Breast Exam ¹	1,100	1,100
Mammograms ²	814	814
Pap Tests ³	1,391	1,391

Data source: FY 2022 BreastCare Online System Data.

¹Number of clinical breast exam performed during the period, clients may receive more than one clinical breast exam.

²Number of screening mammograms performed during the period, clients may receive more than one screening mammogram.

³Number of Pap tests performed during the period, clients may receive more than one Pap test.

Table 5: Mammogram Screening History at Enrollment, Women 40 – 64 years old, FY 2022

Last Mammogram	Percent of Enrollees Jul-Sep, FY 2022	Percent of Enrollees To-Date, FY 2022
Within 2 Years	47.9%	47.9%
More than 2 Years	28.2%	28.2%
Never Had Mammogram	24.0%	24.0%

Table 6: Number of Cancer and Precancer Diagnoses Reported among BreastCare Women, FY 2022

Type of Diagnosis	Number of Diagnoses Jul-Sep, FY 2022		Number of Diagnoses To-Date FY 2022	
	Total	(Age < 40)	Total	(Age < 40)
Breast Cancer¹	13	(1)	13	(1)
Cervical Cancer²	0	(0)	0	(0)
Cervical Precancer³	21	(18)	21	(18)
Hyperplasia⁴	4	(0)	4	(0)
Atypical Hyperplasia⁵	0	(0)	0	(0)

Data source: FY 2022 BreastCare Online System (BOS) Data

¹Unduplicated count of women with a final diagnosis of invasive or in situ breast cancer reported in BOS during the period.

²Unduplicated count of women with a final diagnosis of invasive cervical cancer reported in BOS during the period.

³Unduplicated count of women with a final diagnosis of moderate or severe dysplasia (CIN-2/CIN-3) reported in BOS during this period.

⁴Unduplicated count of women with a biopsy diagnosis of hyperplasia reported in BOS during the period.

⁵Unduplicated count of women with a biopsy diagnosis of atypical hyperplasia reported in BOS during the period.

Table 7: BreastCare Funds by Funding Source (Revenue and Expenditures) and Percent Spent on Clinical Services, FY 2019-2022

Funding Source	FY 2019	FY 2020	FY 2021	FY 2022 (Budgeted)
Federal				
Revenue	\$1,800,000	\$1,700,000	\$1,700,000	\$1,700,000
Expenditures	\$1,507,767	\$1,637,220	\$1,553,049	\$1,700,000
State				
Revenue	\$3,130,840	\$3,202,990	\$3,224,579	3,036,914
Expenditures	\$2,412,493	\$2,710,321	\$3,217,868	3,036,914
Percent of Expenditures Spent on Clinical Services	79%	72%	65%	70%

Data Source: BreastCare Monthly Budget Report

Table 8: BreastCare Clinical Services¹ Expenditures by Funding Source, FY 2019-2022

Funding Source	FY 2019	FY 2020	FY 2021	FY 2022
Federal Grant	\$1,192,532	\$1,324,515	\$1,272,753	\$1,315,947
State Tobacco Excise Tax	\$1,736,057	\$1,817,189	\$1,809,999	\$1,926,984
Total	\$2,928,589	\$3,141,704	\$3,082,752	\$3,242,931
Total Number of Women Served	9,636	9,026	8,411	9,268
Average Cost of Each Woman Served	\$303.92	\$348.07	\$366.51	\$349.91

Data source: BreastCare Budget

¹Clinical Services - Direct service provided to women who enroll in the program. These services consist of screening, diagnostic and case management services as well as salaries for Nurse Practitioners and Public Health Nurses who provide one-on-one services.

Table 9: Clinical Services Provided by BreastCare Funding Sources, FY 2021

Funding Source	Number of Women Enrolled ¹ (% of total)	Number of Women Served ^{2,4} (% of total)	Number of Women Screened ^{3,4} (% of total)
Federal	5,995 (61.4%)	4,931 (58.6%)	4,698 (58.4%)
State	3,762 (38.6%)	3,480 (41.4%)	3,344 (41.6%)
Total	9,757 (100%)	8,411 (100%)	8,042 (100%)

Data Source: FY 2021 BreastCare Online System Data

¹Unduplicated count of women enrolled into BreastCare during the period.

²Unduplicated count of women receiving any clinical service through BreastCare during the period. Clinical services are related to breast and cervical cancers including screening and diagnostic procedures.

³Unduplicated count of women who received any screening procedure through BreastCare during the period. Screening procedures include clinical breast exams, mammograms and Pap tests.

⁴Numbers may change based on billing cycles and delays.

Definitions Used in This Report:

Updated: October, 2019

1. **Women enrolled:** Unduplicated count of women enrolled into the ADH BreastCare Program during a specified time period; *Source of report: BreastCare Online System.*
2. **Women served:** Unduplicated count of women receiving any clinical service through BreastCare Program during a specified time period. Clinical services include screening and diagnostic procedures; *Source of report: BreastCare Online System.*
3. **Women screened:** Unduplicated count of women receiving any screening procedure through BreastCare Program during a specified time period. Screening procedures include clinical breast exam, screening mammogram, and Pap test; *Source of report: BreastCare Online System.*
4. **Screenings by provider type:** Unduplicated count of screening procedures through BreastCare Program during a specified time period. Screening procedures include clinical breast exam, conventional mammogram, digital mammogram, conventional Pap test, and liquid-based Pap test; *Source of report: BreastCare Online System.*
5. **Clinical Breast Exams performed:** Number of clinical breast exams provided by BreastCare Program, sometimes more than one for the same client, during a specific time period; *Source of Report: BreastCare Online System.*
6. **Mammograms performed:** Number of screening mammograms provided by BreastCare Program, sometimes more than one for the same client, during a specified time period; *Source of Report: BreastCare Online System.*
7. **Pap tests performed:** Total number of Pap tests provided by BreastCare Program, sometimes more than one for the same client, during a specified time period; *Source of Report: BreastCare Online System.*
8. **Breast cancer diagnosis:** Unduplicated count of women with a final diagnosis of invasive or in situ breast cancer reported to the BreastCare program during a specific time period. The diagnosis may be prior to the quarter it is reported in; *Source of Report: BreastCare Online System.*
9. **Cervical cancer diagnosis:** Unduplicated count of women with a final diagnosis of invasive cervical cancer reported to the BreastCare program during a specific time period. The diagnosis may be prior to the quarter it is reported in; *Source of Report: BreastCare Online System.*
10. **Cervical precancer diagnosis:** Unduplicated count of women with a final diagnosis of moderate or severe dysplasia (CIN-2 or CIN-3) reported to the BreastCare program during a specific time period. The diagnosis may be prior to the quarter it is reported in; *Source of Report: BreastCare Online System.*
11. **Hyperplasia diagnosis:** Unduplicated count of women with a final diagnosis of hyperplasia reported to the BreastCare program during a specific time period. The diagnosis may be prior to the quarter it is reported in; *Source of Report: BreastCare Online System.*

12. Atypical hyperplasia diagnosis: Unduplicated count of women with a final diagnosis of atypical ductal hyperplasia reported to the BreastCare program during a specific time period. The diagnosis may be prior to the quarter it is reported in; *Source of Report: BreastCare Online System*
